## Camp & Gate Security

**Tectonic Energy Consulting Inc.** Security Division provides camp security to the oil and gas industry ...no matter what the camp capacity might be. Our Security professionals are well seasoned and trained experts that have worked extensively in the oil & gas environment. We pride ourselves in providing the utmost quality of customer service ... ensuring the property and staff are secure.

Some of the services we provide are listed below:

- Gate Monitoring: Signing people in and out using a Card Access system... providing a record for time and attendance purposes.

- Drug and Alcohol Searches: Our staff is certified to perform testing.

- K9 Dog Service: Used for detecting narcotics, explosives, bed bugs, search & rescue and Security.

- Foot & Parking Lot Patrols: To ensure the safety of vehicles, fuel tanks & camp equipment on site....maintaining a constant visual presence to mitigate any risk.

- CCTV Monitoring: This system helps monitor different parts of the camp, such as fuel dump areas, parking lots, and the main gate.

- Access Control Systems: When a head count is of the utmost importance when an emergency takes place... you can count on our security personnel to provide you with the required info, utilizing our access control system.

- Animal Control Fences: Installation & maintenance of page wire & electric fences to prevent bears &/or other wildlife into restricted areas.

We look forward to meeting with you to discuss your project requirements. For further information on pricing and availability please contact **Tectonic Energy Consulting Inc.** at (403) 238-2812 or visit our website at [www.tectonicenergy.com](http://www.tectonicenergy.com)
